

In an ever-expanding global electronic music scene with new artists appearing every day, it takes nothing short of raw talent to stand out. As one of Canada's leading Trance artists, Somna took the #45 spot in the DJTOP100 (TrancePodium 2019) making him the highest Canadian in the trance top 100. He is the co-owner / manager of AVA Recordings with Andy Moor, a record label that spans over 700 releases and is regarded as one of the top record labels within the scene.

As a producer, Somna's music is regularly released on the world's biggest trance labels including Armada Music, Enhanced Music, Black Hole Recordings, Coldharbour Recordings and AVA Recordings. Reaching beyond his talents of song writing, Somna is also a highly sought-after remixer, having remixed for the likes of Markus Schulz, BT, Paul Oakenfold, Andy Moor, Menno de Jong and Lange. His music consistently reaches charting positions and is regularly supported by Armin Van Buuren, Above & Beyond, Markus Schulz, Ferry Corsten and more. The abundance of support stands as a true testament to the quality of Somna's music which is further reflected by being one of the few trance artists that have reached over 300,000+ monthly listeners on Spotify.

Additionally, Somna made his main stage debut at the prestigious Dreamstate festival in Southern California and has brought his live performances to countries such as Japan, Indonesia, Norway, Switzerland, Netherlands, Philippines, USA, Mexico and more. Somna has a staggering 50+ million streams on Spotify so far including two artist albums and a partnership on the Twitch streaming platform with a dedicated fan base with over 12k followers, Somna continues his artistic journey in 2024 with fresh projects, music and ideas.
